### ONE MONTH FROM YESTERDAY.

The Opening of the State Normal and Industrial College.

In order to answer numerous inquiries, the following statements are made in regard to the opening of the State Normal and Industrial College and the terms on which students are admitted:

1. The college department will begin its eighth annual session Thursday, October 5.

2. The Practice and Observation School (being graded school No. 3) will begin its work September 18.

3. Any young woman who, on October 5, will be sixteen years old, counting her nearest birthday, and who is prepared to begin the study of Latin and Algebra, can be admitted to the college.

4. All students pay \$14 in fees for registration, use of text-books, medical attention, etc. Young women boarding at their homes or in private families near the college and agreeing to become teachers in the public or private schools of the State for at least two years after leaving the college, are, by the charter of the institution, exempt from tuition fees. Those who do not wish to take the pledge to teach will pay \$40 a year tuition.

5. Those whose English and mathematical education will permit their doing so, may enter for the Commercial Course, including stenography, typewriting and book-keeping, or any other single course, such as Domestic Science, and their expenses for the year, in addition to the \$14 in fees, will be only \$20.

6. In the dormitories of the college board is furnished at actual cost to all students, and by the charter of the institution this cost cannot go beyond \$8 a month. A certain number of the boarding places in the dormitories are reserved for free-tuition students who take a pledge to become teachers, and the remainder for tuition-paying students who do not take a pledge to teach. All the free-tuition vacancies have been filled, and all the tuition-paying vacancies will be filled within a week. Of course it is possible that some of the appointees may be compelled by sickness or for some other providential reason to give up their places between now and October 5, in which case new applicants will be admitted to fill vacancies.

7. A number of the students will desire to board in private families near the college. Our students will not be permitted to board in homes which take other boarders and only in such homes as will adopt the regulations and discipline of the college dormitories so far as it may be practicable to do so. If there are families in Greensboro desiring boarders, I should be glad to have notification by letter stating the number of boarders desired and the price to be charged.

8. Miss Laura Brockmann will have charge of the instrumental music and will give lessons in her studio in the main college building instead of in a private studio near the State Normal and Industrial College as heretofore. Miss Brockmann will have such assistance as the conditions may require.

9. All who expect to enter the college next year should send at once for a copy of the catalogue and formal application blank to be filled out.

Charles D. McIver,  
President.

### Notice!

All members of the G. S. F. E. Co. No. 1, are urged to be present at the regular monthly meeting to be held on Sept. 7th, Thursday evening at 8 o'clock. Officers will be elected for the ensuing year.

### A Wonderful Cure of Diarrhoea.

A prominent Virginia editor had almost given up, but was brought back to perfect health by Chamberlain's Colic, Cholera and Diarrhoea remedy. Read his editorial. From the Times, Hillsville, Va.

I suffered with diarrhoea for a long time and thought I was past being cured. I had spent much time and money and almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow-sufferers that I am a hale and hearty man today and feel as well as I ever did in my life.—O. R. Moore. Sold by C. E. Holton.

At the earnest solicitation of friends I have decided to open a private kindergarten on September 18. Having been in the work for the past six years I assure the public of the most thorough and up to date kindergarten methods.

### PROGRESSIVE HIGH POINT

Will Vote for Bonds on Monday  
October 16.

### THE PUBLIC-SPIRITED ALDERMEN

At Monday Night's Meeting Unanimously Passed the Resolution for the Election.

Correspondence Telegram.

High Point, N. C., Sept. 5.—At a regular meeting of the board of aldermen of the city of High Point held in the mayor's office last night (Monday) September 4th, the subject of water works was brought before the board and after much discussion the following motion was unanimously passed: Pursuant to an act of the legislature of 1899, duly and legally ratified, we the mayor and board of aldermen of the city of High Point in regular meeting assembled do, by an unanimous vote, hereby decide, and do so order in pursuant to said act that an election be called to be held on the 16th day of October, 1899, according to law, at which time and place there shall be submitted to the qualified registered voters of said city the question of issuing bonds to run for thirty years at a rate of interest of five per cent. per annum, to be paid semi-annually, to the amount of fifty thousand dollars for water works, sewer, ditching, laying pipes of all kinds, and any and all other improvements of whatsoever kind or nature as may be decided by the present mayor and board of aldermen, or their successors in office.

The qualified voters favoring said issue of bonds shall vote "issue"; the qualified voters opposing said issue shall vote "no issue."

Frank J. Horney be and he is hereby appointed registrar and shall keep the city poll books open at his place of business in the city for full thirty days, observing the election laws of the state of North Carolina, applicable to the city elections.

### ESTERHAZY'S TREACHERY

A Startling Sensation Created at the Trial of Dreyfus Today.

By Cable to THE TELEGRAM.

Rennes, Sept. 6.—The first official admission of Esterhazy's treachery was made today and it created a startling sensation. M. Paillogne, a government deputy and expert translator of cipher codes, sprang a surprise when he testified: "Count Munster, the German ambassador at Paris, told Delecluse, minister of foreign affairs, that Col. Schwartzkoppen, while he was a German attaché, sent Esterhazy a large number of petit bleus." Dreyfus smiled grimly at this evidence, nor did Labori attempt to conceal his gratification. A buzz of astonishment ran through the audience, which was greatly excited.

### WRECK THIS MORNING.

The Erie Limited Train—Four Killed, Many Injured.

By Wire to THE TELEGRAM.

Jamestown, N. Y., September 6.—A report has just been received from Hills Village, Penn., that the Erie limited train was wrecked near there this morning. Four are known to be killed and many injured.

### Death of A. J. Golden.

The death of A. J. Golden occurred last night at his home on Edgeworth street. Mr. Golden was seized with a nervous chill and expired suddenly at ten o'clock. He was about sixty years old and had lived in Greensboro for many years, during which time he had won the high regard of all who knew him. He was a valuable citizen and will be missed by a large circle of friends.

The funeral will be conducted from the residence tomorrow morning at 10 o'clock, by Dr. — Rowe, pastor of West Market street Methodist church, of which Mr. Golden was a member. The remains will be interred in Greene Hill.

### Mr. C. E. Turner Very Ill

County Attorney Charles E. Turner has returned from Cool Springs, Irondell county, where he has been spending several weeks at his old home. He is confined to his home by sickness, and, we learn, is a very sick man. All of the people throughout this city and county who know him wish for him a restoration to health again.—Durham Sun.

Mr. Turner is a brother of Dr. J. P. Turner, of this city, and has many friends here, who will regret to learn of his illness and wish for him a speedy recovery.

### Grand Dictator Present.

The members of Guilford Lodge No. 1777 Knights of Honor had an enjoyable time at the regular meeting of the lodge last night. Grand Dictator J. B. Whitaker, Jr., of Winston, was present and lectured before the meeting, exemplifying the work of the order. His talk was both pleasing and instructive and was eagerly listened to by those present.

### THE BEGINNING

Of University Work is in the Kindergarten School.

Editor Telegram:

President W. R. Harper, of Chicago University in an address made some years ago said: "The beginning of real university work is in the Kindergarten, thereby two or three years being saved to each student." The kindergarten being the foundation of the highest and most thorough education. It is desirable for all classes, rich and poor alike, to enjoy kindergarten training. All minds unfold according to the same laws—the best and most productive intellectual stimuli are demanded in the beginning of the child's intellectual life.

The world's closest students of child life now agree that of the various stimuli the kindergarten is the best. Many persons getting their point of view from the publications of modern charity organizations and institutional churches consider the kindergarten a prime factor in the purification of the slums of our great cities. In no department of charity or church work are the results more gratifying or more lasting than in the free kindergartens. The kindergarten is a charity, a great charity, because its effort is for character rather than knowledge, power rather than information, habit rather than precept. The end towards which it labors is of equal benefit to the child upon the avenue as it is to the child in the narrow, dirty alley.

The kindergarten is not to supplant the home. No teacher, however well versed in kindergarten principles can do a mother's work. The kindergarten co-ops with the mother. For five days in the week the child is for three hours each day one of a little community of equals, in an atmosphere where justice, order, neatness, good manners and joyous activity reign.

In such an atmosphere his mental and moral life rapidly unfold. The methods must, of necessity, be simple, because of the immaturity of the child's mind, and the lessons are learned through play, the child's natural mode of expression. Play is to the child what work is to the man, and the real worth of both is estimated by the motives which inspire the child's play and the man's work. Play is self-activity, self-expression. Even at the age of three or four years the child is making a beginning in art, science, physical culture, manual training, mathematics, music, literature and religion. He is acquiring the art of correct apprehension. His mental processes are becoming more logical. He is gaining in neatness, self-control, independence, and he is becoming God-like in that he is creative. Heart, head and hand are being developed simultaneously. The little buds of humanity are unfolding according to nature's law—the growth is from within outward.

Many think of the kindergarten as merely a day nursery. It would be equally correct to think of your home only as the place where you sleep. The cultured, college-bred young women, who are now spending two or three years in kindergarten study, would scarcely devote so much time and effort if the position could be filled by a woman of intelligence and education and no technical training. Sooner or later our mothers will awaken to the value and necessity of proper kindergarten instruction and will be as careful in the selection of a kindergarten as they are now in the selection of a boarding school or college for their older children.

While a resident of Louisville, Ky., I became acquainted with the leaders of the kindergarten movement there. The kindergarten association of that city is the leading institution of the south and the middle west for the training of young women to be kindergarten teachers. The members of its faculty are in constant demand as lecturers in the north and east. In its Christian spirit and the ability of the faculty this association is unsurpassed in this or any other land. Mrs. Margaret Y. Johnson, of this city, formerly Miss Margaret Youg, a graduate of the above association, was in charge of the free kindergarten of the Twenty-second and Walnut streets Baptist church, during my residence in Louisville, and from those who were most competent to estimate her work, only the highest praises were heard. It is a cause of gratification that this talented lady, so thoroughly equipped for her work, has consented to give to the people of the city the benefit of her splendid preparation and powers, and there can be little doubt regarding the wise mothers taking advantage of the opportunity thus afforded.

### THE G. A. R. ENCAMPMENT

Large Numbers of Southerners at Philadelphia

### MR. MCKINLEY IN ATTENDANCE

The President Never Fails to Attend the Encampment of His Old Comrades in Arms.

Special to THE TELEGRAM.

Washington, Sept. 6.—A large number of excursionists to the Grand Army encampment, stopped over in Washington, enroute to Philadelphia. The hotels presented a lively appearance, and have been doing a good business during this week. Most of the excursionists came in on Sunday and Monday, remaining over here until Tuesday morning before proceeding to Philadelphia, where the big encampment began yesterday. The visitors during Monday visited the Capitol, different executive departments, and the White House. Included among the excursionists were large numbers of people from the southern states, there being a particularly large delegation from Virginia, and also from North and South Carolina.

President McKinley, as announced heretofore, left Washington Monday afternoon by special train over the Pennsylvania railroad. On account of the fatigue resulting from her recent journey from Lake Champlain to Canton, and to Washington, Mrs. McKinley did not accompany the president as was expected she would do. The president was, however, accompanied by a large delegation, including several members of the cabinet. The official party are expected to arrive home by this morning.

President McKinley as a grand army man has naturally looked forward to the gathering of the veterans at Philadelphia with much pleasure. He is fond of attending the reunions of his old comrades in arms, and has attended nearly all of the Grand Army encampments since the organization of the order. As congressman, and governor, and president, his interest in the order has not decreased, and he is apparently just as desirous of being an active participant in the reunions as in former years.

The death of Mrs. Eppa Hutton, wife of former Senator Hutton, of Virginia, occurred at her home at Warrenton Virginia, Monday. During her husband's official official residence in Washington, Mrs. Hutton was one of the most popular hostesses in the senatorial circle, and enjoyed a wide acquaintance. Her death is much regretted by all her friends in Washington.

Adjutant General J. W. Floyd, of South Carolina is in the city, having arrived Tuesday morning, accompanied by his wife and child. The object of General Floyd's visit to Washington is to try to secure a further advance in South Carolina's equipments for the military force. He called at the War Department Tuesday, and made arrangements to see the secretary and other officials. As the president is out of the city attending the Grand Army encampment at Philadelphia, General Floyd may be obliged to remain in Washington for several days. He stated Tuesday when seen that he desires to place the militia of South Carolina on a footing such as will enable it to be ready for active service at a moment's notice in case of an emergency. He says that there is especially a need for more uniforms and equipments. He thinks that by coming to Washington personally he can accomplish more from the War Department than he would have been able to accomplish had he deputized some one else to attend to the matter. He is very hopeful that the Secretary of War will take the action that he desires to be taken.

Representative Rixey, of the Alexandria district, was in Washington the other day. Among other Virginia persons in the city was Mr. Ryan, speaker of the house of delegates. The gentlemen were here on business before the departments which were closed on account of the observance of labor day, so they were obliged to remain over Tuesday.

Mr. William Craven and family, of Alexandria, Virginia, who have been visiting Mr. Craven's mother, Mrs. George W. Johnson, of Wilkesboro, North Carolina, have just returned to their home. They were at Wilkesboro for two or three weeks.

Ex Governor Oates, of Alabama, was in Washington Tuesday on business before the departments. While in the city he registered at the Metropolitan hotel. The ex-governor is pleased with both the business and political outlook in the southern states and especially in Alabama.

Myrtle E. Henderson has been commissioned postmistress at Laurel branch, North Carolina.

Mrs. W. C. Briggs, of Winston, North Carolina, was in the city yesterday, stopping at the Metropolitan hotel.

### SHOT AT THE TRAIN.

Dastardly Crime of an Unknown Scoundrel Near Mebane.

When the eastbound passenger train which leaves here at 8:10 o'clock a. m., was burning the wind about a mile below Mebane yesterday morning, two car windows—one each in the first and second class cars—were suddenly crashed to pieces and small particles of glass were sent flying in every direction in the cars. The windows were broken by two pistol shots fired in quick succession, from the outside.

At one of the broken windows, Mrs. General W. B. Ponder, of Tarboro, was sitting, and the bullet passed but a few inches from her face. Her lap was filled with broken glass.

The second bullet went through a gentleman's hat, almost scraping his head. There is no clue to the perpetrator of the crime, though the Southern, assisted by the police authorities at Mebane and nearby towns, is doing all in its power to bring the guilty scoundrel to justice. It was not his fault that his dastardly work did not result in a double murder and if caught he will be roughly handled.

### Green Pleads Guilty.

George Green, the negro who was implicated with John Lee in the robbery of the man Carter sometime ago, and who was arrested by Officer Whittington night before last, was given a hearing before Squire Pritchett yesterday afternoon. Green plead guilty to the charge, saying that he pushed Carter down, but that Lee gave him none of the money. Squire Pritchett imposed a fine of \$5 and costs, in default of which Green went to the roads.

### The Champions Photographed.

The members of the Southside Horse Company have had their photographs taken in a group, showing them to perfection in full racing costume. It is a handsome body of men and Photographer Alderman tested his skill in producing their likenesses. The picture, together with a half-page write-up of the team, will appear in next Sunday's New York World. The Telegram hopes to print a cut of the team next week.

### THE COMING SOUTH.

The trend southward of the cotton milling industry of the New England states is assuming such proportions as to alarm even the staid Philadelphia Record. And the most interesting part of the incident is that the Yankees, with all their inventive genius, can suggest no remedy to counteract the immense inducements the south is holding out to northern manufacturers to unhinge their spindles and looms and migrate to a more inviting and more profitable field.

The Philadelphia Record's editorial on the startling situation has a very palpable streak of despair in it. We copy the article in full:

The migration of cotton mills from New England to the south, which began some time ago, may possibly be arrested for a time should the proposed scheme of Nelson P. Green to unite all the New England mills into one big trust prove successful. Meanwhile, however, several of the smaller mills are silently "folding their tents" like the Arabs, and stealing away to the south. The latest news of this character is that arrangements are being made for the removal of the Springfield cotton mills (Springfield, Me.) to Fort Valley, Ga. This will be the second migration from York county, Me., the first being that of the plant and business of the Portsmouth cotton mill, of South Berwick, about a year ago. The Springfield mills operate 500 looms and 10,500 spindles, making satens principally.

It is said that competition and high taxes are the propelling forces which are driving the weaker mills from New England, and that inducements in the shape of remission of taxes for a long period of years, grants of land (in some cases free of cost), free water rights, etc., are the attractive forces which are drawing the evicted mills towards the south. It is a significant fact, not generally known, that many of the largest, newest and finest cotton mills in the south have been erected with New England capital, and a recent report from Montgomery, Ala., states that New England capitalists have just purchased land and water power at Lock No. 3, St. Clair county, on which to erect one of the largest cotton factories in the south. Work is to be commenced by the middle of September, and the projectors will expend over a million dollars on the plant.

An agent from Huntsville, Ala., (Col. N. F. Thompson), has been making a missionary tour through the New England mill districts, preaching the advantages of migration to Huntsville, Ala., and he has reported that the managers of five northern mills have decided to inspect Huntsville with the view of moving their plants to that place. We have seen lists of many new cotton mills now being erected in various parts of the south, and other lists of extensive enlargements to mills now running. While the dividends of New England cotton mill corporations have been small during recent years, the profits of the

southern mills have been generally large, and in some cases extraordinarily large. For example, it is reported that the Clover (S. C.) Cotton Manufacturing Company earned 42 per cent. on its capital stock last year. Among the new projects we may mention the Olympia cotton mill, Columbia, S. C., which is to have over 100,000 spindles and 2,600 looms. The mill will be 545 feet long by 153 feet wide. The stock (\$1,500,000) has all been subscribed.

Such facts as these must cause New England mill owners to reflect seriously upon their future prospects, and although it may be true that the influences of the wave of prosperity are beginning to be felt by the New England cotton mills, we cannot close our eyes to the logic of many stern facts proving that the favorable conditions which caused the building up of immense cotton mills in New England years ago have greatly changed. It will be necessary for these mills either to change the grade of goods manufactured by them to an entirely different and finer kind (now imported from Europe) or to migrate to the south, as several of the smaller mills have already done.

The first class battleship Kearsarge, which has just been completed, was given her trial trip yesterday at Newport News. The huge mass of iron and steel gives satisfaction in every particular. After receiving her secondary battery, all the other guns and armor, etc., having been put in place, the warship will proceed to New York whence shortly to proceed on her first official trip. This is a tremendous addition to America's already invincible navy. And there are many others now building to come into commission all along for the next three or four years. And it's not at all improbable that they will all be needed, as a consequence of the part we are playing in the world's military affairs.

We have received a very neatly printed and nicely bound copy of a book of poems entitled "Avenging the Maine, and Other Poems," by James Ephraim McGirt, a young colored man of this city. Some of the poems are quite meritorious, and the young colored poet will doubtless make his mark in the extraordinary field he has chosen. The work is from the presses of Edwards & Broughton.

### JOHN ROBINSON'S GREAT WORLD'S EXPOSITION.

#### Notably Augmented for the Present Tenting Season.

Probably the most colossal as well as the most nervy amusement venture of the day is that inaugurated this season by the management of the John Robinson show—a venture requiring an expenditure so enormous that a statement of the amount would scarcely be credited by the general reader. We allude to the production on a scale of magnitude and opulent splendor never precedent of the new Biblical spectacle of Solomon, his temple and the Queen of Sheba, a spectacle prolific in grand scenic effect, impressive in pomp and gaudery, realistic in its reproductions of the patriarchal era, sacred in its Biblical associations and entrances in the ballets, poses, machings and groupings. The visit of the Queen of Sheba to King Solomon's court with her immense and richly costumed retinue, the judgment of Solomon, the sacrifices in the temple, Solomon's seven hundred wives, the grand processional pageant to meet and welcome Sheba's beautiful queen, the walls and city of Jerusalem, the inner court of Solomon's temple, the great throne of ivory, the sacrificial ceremonies, the sacred ark of the covenant, the bewitching ballets of lovely cresset girls, and myriad features that cannot be given in detail are the attractions of this wondrous spectacle. With such a desirable feature added to the admirable circus, the vast menagerie and the royal Roman hippodrome, the many canvases, spacious as they are, should and will be packed from centre to circumference by eager and gratified spectators each afternoon and evening. The show will exhibit at Greensboro September 13th.

### Eczema! The Only Cure.

Eczema is more than a skin disease, and no skin remedies can cure it. The doctors are unable to effect a cure, and their mineral mixtures are damaging to the most powerful constitution. The whole trouble is in the blood, and Swift's Specific is the only remedy which can reach such deep-seated blood diseases.

Eczema broke out on my daughter, and continued to spread until her head was entirely covered. She was treated by several good doctors, but grew worse, and the dreadful disease spread to her face. She was taken to two celebrated health springs, but received no benefit. Many patent medicines were taken, but without result, until we decided to try S. S. S. and by the time the first bottle was finished, her head began to heal. A dozen bottles cured her completely and left her skin perfectly smooth. She is now sixteen years old, and has a marvellous growth of hair. Not a sign of the dreadful disease has ever returned.

Don't expect local applications of soaps and salves to cure Eczema. They reach only the surface, while the disease comes from within. Swift's Specific.

### S. S. S. For the Blood

Is the only cure and will reach the most obstinate case. It is far ahead of all similar remedies, because it cures cases which are beyond their reach. S. S. S. is purely vegetable, and is the only blood remedy guaranteed to contain no poisons, mercury or other mineral.

Kindness is wisdom; there is none in life but needs it, any may learn.—Bailey.

It seems funny that the girl with large feet can keep her shoestrings tied so much better than the girl with small toes.

### Baldness Can be Cured

Just so long as there is a particle of vitality left in the hair roots, the fact that the hair is smooth and shining is no positive proof that the roots beneath are dead. Deep down beneath the skin, hair roots may yet exist, filled with latent vitality, and all that is required to develop them into a beautiful head of hair is the faithful application of the proper agent.

# THE ONLY Big Show

That Will Visit

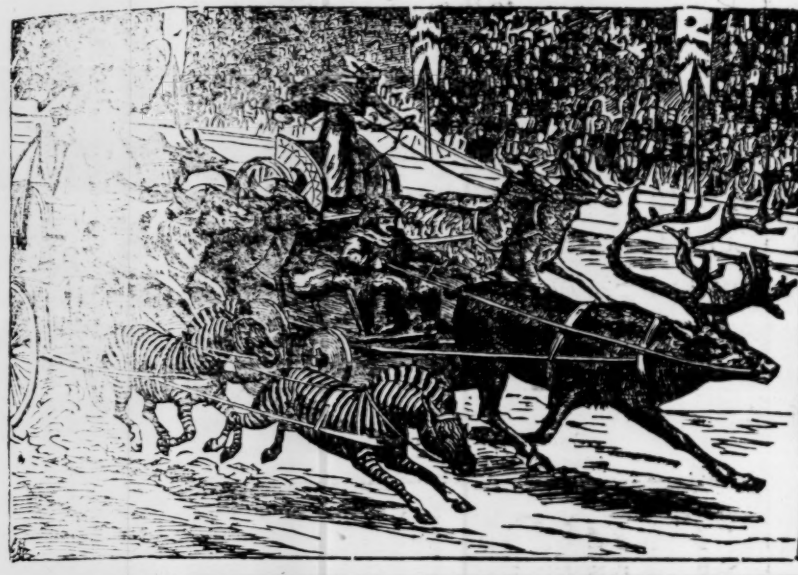

GREENSBORO THIS YEAR

"After all, Old Things Are Best." The Old Reliable

OLD JOHN ROBINSON SHOW

(Which you have known, respected and enjoyed through three generations, will visit you on

Wednesday, September 13th.

THAT WILL BE A GALA DAY!

For over three quarters of a century the people of beloved North Carolina have claimed the old John Robinson Show as their favorite. Your grandmothers and grandmothers have sounded its praises, and many of the grown-up sons and daughters of famed North Carolina early learned to like the old John Robinson Show with their baby lips and ever since have loved it. The North Carolinians, their loyalty to the show of their youth and their enthusiasm for an organization ever will on ever have held the place in the hearts of the whole people like the old reliable John Robinson Show and now after a long absence during which time it has assumed ten times the proportions in merit, size and magnificence, it comes to

Greensboro One Day, Wednesday, September 13th.

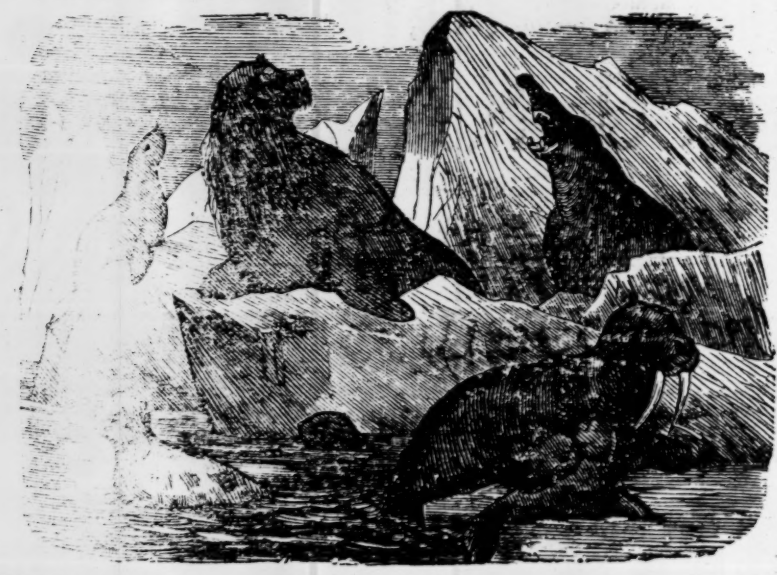

John Robinson's Ten Big Shows

In connection with the Grand Biblical Spectacle, Solomon, his Temple and the Garden of Gethsemane, a parallel, acknowledged by a universal public the one-day show, the peerless Exhibition of America. Three big circuses, four big rings, three big menageries, one prodigious aquarium, one complete aviary, one grand Biblical spectacle, ten truly great shows, one complete museum. For seventy five years through three generations this mighty and powerful amusement has exhibited in every state in our vast union and the name of John Robinson is alone a guarantee for the performance under the vast canvas by far exceeds all others in merit, originality, magnificence, variety and quality.

## THE MENAGERIE

Surpasses in magnitude and completeness the largest known zoological collection in the world. One of the special features of the big triple menagerie is the largest snake alive—25 feet long.

Two Great Special and Exclusive Features Secured at Immense Expenditure.

A show of the lions, the only one on exhibition in America. Also a herd of Philippine water buffaloes, direct from Luzon Island, Manila.

## THE CIRCUS FEATURES

This show, obtained from Europe and America, will amaze and startle the world. It is like nothing ever before presented in this country. The most novel and thrilling riding acts ever witnessed. From nine to twelve of the world's greatest champion Lady and Gentleman Equestrians riding in four rings at one time. This feature is new and original with this show.

## MORE FOR THE MONEY

Then any other three circuses furnish their patrons. Larger, costlier, and more diversified original tableaux, cages and dens than owned by any big show in the world. Most costly costumes, more scenery used in the one great feature of Solomon and the Queen of Sheba than in the entire combined features of any other exhibition in the country. Over \$100,000 expended in this production alone. One of the most beautiful dancing girls in America.

THE GRAND STREET PARADE AND ROBINSON'S HORSE FAIR

An attraction in itself. A truly magnificent pageant. A feature of the free street parade is the grand spectacle of forty of the smallest ponies ever harnessed and driven at one time. Don't fail to see them.

TWO PERFORMANCES DAILY.

Will Appear at Each Performance.

## RHEUMATISM CATARRH

It is the deep seated, obstinate cause of Catarrh and Rheumatism that B. B. B. (Botanic Blood Balm) cures. It matters not what other treatments, doctors and remedies have failed to do, B. B. B. always promptly reaches the real cause and roots out and drives from the system the specific poison in the blood that causes Rheumatism and Catarrh. B. B. B. is the only remedy strong enough to search out the poison, not only in the blood, but the bones, mucous membranes and entire body and eliminate or drive out the last vestige of the disease so there can never be a return of the symptoms. If you have been disappointed in sprays, liniments, medicated air, snuff, blood purifiers, Etc., don't give up hope, but try B. B. B. (Botanic Blood Balm). It has been thoroughly tested for past 30 years and has never failed to permanently cure obstinate Blood Diseases as Rheumatism, Ulcers, Catarrh, Eczema, Cancer, Scrofula, Pimples, Eczema, after all other treatments had failed. Ask your druggist for B. B. B.—Botanic Blood Balm or 3 B's.—Large bottles \$1, six bottles (full treatment) \$5. B. B. B. is an honest remedy that makes real cures. So you may test Blood Balm, we will send a FREE TRIAL BOTTLE on receipt of a stamp for postage. Personal medical advice free. Address BLOOD BALM CO., ATLANTA, GA.

**WINE OF CARDUI**

**A LITTLE DOES MUCH.**

Boons, Iowa, Dec. 14.  
No tongue can tell what I have endured in the past ten years with my monthly sickness. While suffering untold agony, a friend called and recommended Wine of Cardui. I sent for a bottle, and Oh! what relief. After the first dose I began to feel better and have had no pain since.  
**MRS. GRACE LAMPHIER.**

**Wine of Cardui**

Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble. It acts directly upon the menstrual and genital organs. Its action is not violent, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the feminine organs spreads many disorders all over the body, and when the Wine cures the source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past—the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made to-day for the cure of "female troubles".

# BRIEF LOCAL MATTERS.

John M. Hammer returned yesterday from a visit to White Sulphur Springs, Mt. Airy.

Kaufmann will have a solid window of new 25c neckwear on display Friday. All styles and shapes.

Hon. John N. Wilson went to Morganton this morning to be with Mrs. Wilson, who, we regret to learn is sick.

Mrs. J. H. Coleman, on East Market street, continues very low. She has been seriously ill for several days.

Mrs. Dougle Settle was expected to arrive in the city last night from Cincinnati, but telegraphed Lieut. Settle that she would not come in a week yet, owing to an unexpected visit from her brother.

The ladies' aid and woman's auxiliary of St. Barnabas parish will meet with Mrs. W. B. Bogart Thursday afternoon, tomorrow, at 5 o'clock sharp. All members requested to be present at this fall reunion.

Deputy Marshal Joe T. Millikan will go to Stanley county tomorrow to have the case against Deputy Marshal J. W. Hasty, charged with forcible trespass, transferred from the state court to the United States court.

The scene of scenic splendor was reached when John Robinson produced the great spectacle of Solomon, his temple and the Queen of Sheba, as produced in John Robinson's circus, leaves an impression of grandness not easily obliterated.

The buyers for D. Bendheim & Sons are now in the north, purchasing the mammoth fall stock for this firm. The goods will begin to arrive in a few days, due notice of which will be given in the Telegram. Their stock this year will be larger and more elegant than in any previous season and great things may be expected by Greensboro people.

Rev. Frank Hall, the Quaker evangelist, of Portsmouth, Va., will preach at the Gospel Mission, Thursday night, over Thompson & Aldred's shoe shop at 8 o'clock. Revs. Hodgkin and Hall began a tent meeting at Randleman Friday night. The ten day's meeting at Friends Church closed last night with about thirty conversions on sanctifications, and the church strengthened.

This morning the Southern railway sidetracked one of their largest freight cars loaded with pianos and organs for Jones & Cox, 123 So. Elm street. They are the celebrated "Kimball" instruments and made the trip from Chicago in 4 days. We learn from W. Frank Blount, general representative of this great Kimball concern, that they have shipped about fifteen thousand dollars worth of pianos and organs into this state during the past few weeks.

## Recruiting Office Talk.

The recruiting office here moved into its new quarters in the Wright building, North Elm street, this morning. Two handsome offices are now occupied by the recruiters. Business was good at the office yesterday, four new recruits being received. That Greensboro is the center of the world is evidenced at the recruiting office as well as anywhere else. As will be seen from the address below, three of the men who enlisted yesterday are from distant states. Following are the new soldiers, with the places to which they will be sent:

Geo. F. Heathcock, of Concord, N. C., 11th cavalry, being organized in the Philippines; Jas. A. McGrath, of Troy, N. Y., C. A. Gilbert, of Cleveland, Ohio, E. M. Agee, Camden, Ark., 44th volunteer regiment, Fort Leavenworth, Kan. The three men last mentioned have been employed in a glue factory in Baltimore, and it is thought they'll stick.

We know when we are lucky; but for a refusal to cancel orders we should have been without shirts, collars, cuffs or ties, and sockless, but now we have plenty. Some things at any rate happen for the best. Flash-bate Katz Co.

## A Word to Mothers.

Mothers of children affected with croup or a severe cold need not hesitate to administer Chamberlain's Cough Remedy. It contains no opiate nor narcotic in any form and may be given as confidently to the babe as to an adult. The great success that has attended its use in the treatment of colds and croup has won for it the approval and praise it has received throughout the United States and in many foreign lands. For sale by C. E. Holton, druggist.

## Free Pills.

Send your address to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of constipation and sick headache. For malaria and liver troubles they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to stomach and bowels greatly invigorate the system. Regular size 25c per box. Sold by C. E. Holton, druggist.

# WHILE THE DAYS ARE GOING BY.

A Specimen of the Times and Incidents That Try Men's Souls.

The monotony of scratching quills and clicking types in the Telegram office was momentarily relieved this morning by an influx of femininity the peculiar like of which seldom falls to the lot of earthly print shops.

It was an invasion of young girls having all the insanity-provoking qualities of Elysian hours, with hair and eyes that would have driven Apollo wild with hopeless grief, and forms sufficient to cause the bending lily to droop away and die. They tarried but a moment, and the air, "like a chartered libertine," stood still lulled by the divine melody of their silver throats. Journalism shrieked with agony at its inability to then and there grasp forever, world without end, the ineffable felicity that the presence of the visitors inspired.

A heavenly crash of murmuring, dulcet-trilled words, a divine flash of the rhetoric of pleading eyes—a hop, a skip, a jump and a good-bye—the next moment they were gone, leaving that gloom which a sudden burst of golden sunshine from a storm cloud leaves when it returns to its ethereal realms hid from mortal eye. Such is life.

Don't Wait, get it now—Vick's Magic Croup Salve. Large box 25c.

# General Wheeler

Taking in the situation around Manila. Now let Uncle Sam relieve Oila and give the old Buttermilk Ranger a half chance and you'll very soon hear the insurgents calling for the calf rope. The name Buttermilk Ranger was given to our cavalry during the 60s. An army to be victorious must have confidence in their leader. Take the record of General Jackson. Why, the soldiers under him knew no such thing as defeat, and to just say that Jackson's confidence in the rear was enough to throw consternation in the camp of the enemy. Confidence is just as important in the commercial world, and the mere mention of the name

**HARRY-BELK BROS. CO.**

creates a panic in the mercantile arena. We cannot understand how we can always get in the rear of their prices, but this is easily explained. For we have a leader that knows every hog path that leads to the manufacturing plants of this country and keeps posted. In this way you see we only buy from first hand's, thereby saving the middleman's profit. Our buyer spends weeks in the market. Take the army of stores—Charlotte, Greensboro, Monroe, and Union, S. C., and you will at once see that it requires tons upon tons of goods to supply them. Buying so largely we take the entire output of a number of factories. In this way we get the inside prices. Our buyer will soon

.....LAND.....

In the manufacturing centres of this union and, like Wheeler in the Philippines, you will hear something drop shortly in old Gullford that will astonish the natives. Before it takes place, and in order to make room, we have made JOB COUNTERS in all departments to clean up many valuable lines at half price. Price is no object. The room is what we want and must have. Be quick.
